## Love Calculator results

These are the results of the calculations by Dr. Love:

satan  jesus

16 %

Dr. Love thinks a relationship might work out between satan and jesus, but the chance is very small. A successful relationship *is* possible, but you both have to work on it. Do not sit back and think that it will all work out fine, because it might not be working out the way you wanted it to. Spend as much time with each other as possible. Again, the chance of this relationship working out is very small, so even when you do work hard on it, it still might not work out.
